

YOKIS HUB IP/radio gateway, Radio Power system, to manage the Yokis system locally and remotely via the YnO app

5454495

Product specification:

- Power supply: 230 VAC - 50 Hz / 9 VDC power adapter (supplied)
- Power consumption: 1.4W max
- Protection: IP40 (without antenna)
- Range: 250m in free field of view and without obstacles. Reduction of the capacity in the presence of metal elements, crossing of walls or bulkheads
- Weight: 70g (without power adapter)
- Dimensions (L x H x P): 60 x 86 x 27 mm

Description

IP / radio hub that allows you to connect the Yokis system, thus making it remotely controllable via YnO, perform voice commands via Alexa and Google Assistant, define scenarios, activate functions related to security, cameras and alarm system, and produce statistics on the use of energy consumption.

Through the integrated Yokis Radio, it can directly control Yokis devices, so the devices are isolated from the Internet and the safety of the system is not compromised.
